Religious exemptions may be granted for all vaccines, but the New Hampshire Certificate of Religious Exemption form must be signed by the parent and notarized. This form may be obtained from the CCA Health Office or on-line at www.dhhs.nh.gov/dphs/immunization/documents/exemption.pdf. It will be kept with the student's health records.

Pre-K requirements are different. Please see attached information if your child is enrolled in the Pre-K program.

Student History and Physical:

A recent History and Physical, H&P, from your medical provider is required on enrollment. A school/camp form may be substituted. By Law, we must have current physical status information on file at CCA prior to the first day of school.
